Classroom News

The first day of school is finally here! In the first week we are going to spend time getting to know each other. We will be focusing the entire month on back to school! We will spend the month learning classroom routines and expectations, as well as, focusing on academic concepts. See the attached calendar for more detailed information on the activities we will be doing.

August 9th is yellow day, so don't forget to wear yellow!

Monthly Homework

For this month's homework please help your child to fill out the jumbo "All About Me!" page. This is a way to learn a little more about each student. Each child will have the opportunity to tell the class about him/herself (with adult support if needed). Please also have your child create a **self-portrait** on the provided paper using crayons, markers, paint, colored pencils, ETC. Please let your child create their self-portrait, as we would like to see how your child views himself and how he/she is able to create a picture of himself. Please don't be worried if your child's picture doesn't look exactly like him/her or even like a person! It's important for us to see what they create on their own.

Due Thursday August 16th
