Classroom News

This month we will be learning about community helpers, our monthly concepts, and working on our IEP/academic goals! This is a really fun theme. We will be talking, getting messy, playing, and most importantly having fun. Keep up with what we are doing by checking out the webpage.

Monthly Homework

For this month's homework, I'm going to try something different! I want the students to take a selfie or photo with a community helper. This isn't met to be stressful or cost any money. What a great way to spark some conversation by meeting a real life community helper.

Some examples: the mail carrier, a police officer, a chef, a teacher, a judge, a firefighter, a librarian, a crossing guard, etc. Feel free to get creative!! When you take the photo text it to me.

(480) 254-7483

Due: Thursday October 25th
